

ABOUT SANDRA SIMPSON

Sandra is a former university lecturer who has also taught in prisons and helped unemployed people in Witney and Oxford with English, Maths and preparing their CVs.

Sandra has lived in Witney for over 20 years and has been an active volunteer throughout, giving her time to playgroups, the bowls club and teaching lifesaving, as well as to several wildlife groups. She founded the pioneering Wood Green Area Waste Action Group, which started the first green waste collections at the council offices and arranged monthly Swap Shops.

“I will work hard for residents. I am standing against building 1400 new houses in North Witney and will press the County Council to speed up improvements on the High Street. I will continue the work to improve play areas here, and safe access into town.”

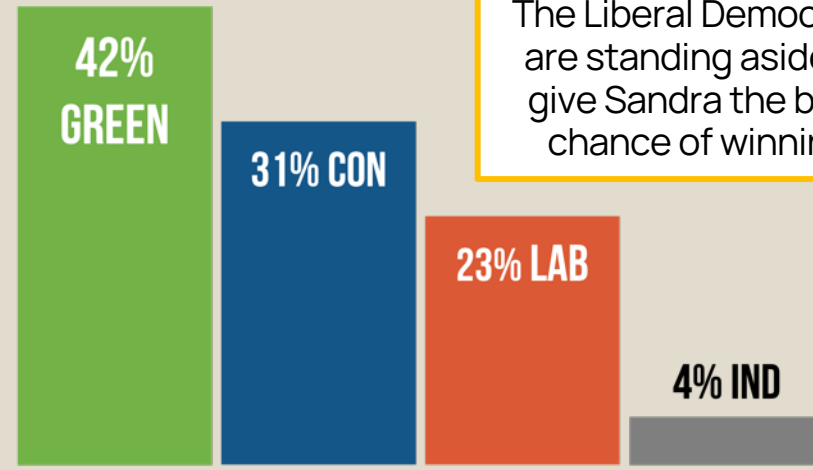

Sandra Simpson, Green Candidate

GREENS IN THE ROOM MAKE ALL THE DIFFERENCE. IF ELECTED, SANDRA WILL JOIN ANDREW PROSSER AND ROSIE PEARSON ON THE DISTRICT COUNCIL, LEADING ACTION ON CLIMATE CHANGE AND INVESTMENT IN LOCAL FACILITIES.

MYTH BUSTER

FREE PARKING. There are **no plans to end free parking in Witney** and other West Oxfordshire car parks.

The Conservatives are attempting to mislead local residents. The County Council has responded to a specific problem expressed by Woodstock residents, but has made it clear that there are no plans for further town parking charges.

SEWAGE POLLUTION. Current plans **will not end the illegal dumping of raw sewage into our rivers.**

The Conservative-backed laws actually weaken powers to prosecute water companies for illegal sewage spills. Upgrading our sewage works after decades of under-investment will take many years. Meanwhile, spills will increase as new houses are connected to an already failing system.

Sandra will fight to make sure that infrastructure really is in place before new house building starts.
