

ABOUT

CLLR ANDREW PROSSER

Andrew has lived in Witney for 25 years and is married with two daughters. Andrew runs his own business and helps international companies reduce their climate impacts. He has coached girls' football teams and helped organise six-a-side football at the Witney ATP for over 15 years.

Witney North elected Andrew to the District Council in 2021, and he has served as Executive Lead for Climate Change since 2022. Andrew has led work to support local residents through the cost of living crisis. His work on river pollution and taking on developers over unsustainable housing, shows his commitment to residents. Across the ward Andrew has worked to address flooding concerns and has championed safe walking and cycling routes.

CLLR ANDREW PROSSER FOR WITNEY NORTH

2021 DISTRICT COUNCIL RESULT – WITNEY NORTH

IT'S BETWEEN **ANDREW** AND THE CONSERVATIVES!

YOU DECIDE

Witney North was the first ward to elect a Green councillor to the District Council, in 2021. Since you elected him, Cllr Andrew Prosser has worked hard for our community, pushing for joined-up action on planning, transport, local jobs and services.

Andrew is standing against housing plans that short-change residents by failing to provide adequate infrastructure.

The developer plans for 1250 new houses in North Witney are not viable. They do not provide appropriate sewage, flooding, and traffic infrastructure.

Green Party

FLOODING: Andrew has been working to get ditches and drains cleared in town, pushing for more land to soak up and slow down water, and to improve flood warnings.

BETTER HOMES: Andrew is working on the Council to prioritise and invest in new social rent houses, and help get younger people and families into homes more quickly. He's supporting efforts to build more flats in the centre of Witney.

COMMUNITY: Listening to residents and standing up for better facilities. Andrew made sure new play equipment was installed at Quarry Road.

RIVER POLLUTION: Andrew is fighting hard to halt illegal pollution of our rivers, and to make sure the operations of Thames Water are brought back into public ownership.

TRAVEL ROUTES: Andrew kept the pressure on the County Council to replace the footbridge properly over the stream from Hailey Road across the Woodford Mill meadow into town. He is playing a key role in pushing for safer walking and cycle links and is lobbying for more resilient surfacing of roads and footpaths.

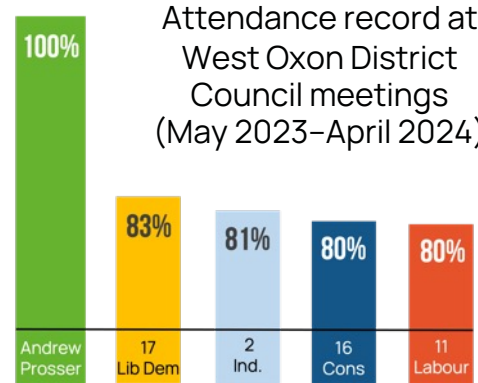

NATURE RECOVERY: Andrew is leading work on the Council to protect and enrich nature across the region, including council-owned and managed land, and has helped put in place a strong Nature Recovery Plan for West Oxfordshire. He's also helped secure coronation funding for planting 50 new orchards.

STREET CLEANING & BINS: Based on experience locally, and having listened to resident concerns, Andrew and his Green colleagues are pushing for improvements in street cleansing and bin placement. An updated strategy is due to be consulted on in the summer.

WINDRUSH LEISURE CENTRE: Andrew has helped secure funding of £2million to upgrade the Witney pool's heating system, put in place better showers, and install solar panels on the roof. The solar panels at Windrush Leisure Centre will provide around 20% of the building's electricity use.

REGENERATING WITNEY:

Andrew is supporting efforts to regenerate the centre of Witney, including resurfacing the High Street and footpaths, bringing in new business to Marriotts Walk, and facilitating outside events.

“The flooding at Christmas was the most stressful time for so many of us residents on Bridge Street and Andrew was the only person from the political parties who showed their face and helped out during those times. We were very thankful and appreciated his kindness and determination to make things better.”
